April 2, 2001

FOR IMMEDIATE RELEASE

Oxnard, CA FileYourTaxes.com the premier online tax filing service reports that going into the final crunch of tax season, they have already sent 3 times the number of Free returns as part of their FreeTax program than during the whole tax-filing season (Jan 10 thru Aug 15) last year.

In partnership with the California Franchise Tax Board, FileYourTaxes.com provides OnLine tax return construction and filing service for the Form 540-2EZ to the State of California through the Direct Filing Portal (www.ftb.ca.gov/dfp) absolutely free. FileYourTaxes.com is currently the only tax filing service to offer to the public the opportunity to use the State of California Direct Filing Portal to file their CA personal income tax return. The CA Franchise Tax Board developed the portal for this filing season.

“Working with the State of California, we waive the normal \$14 state return fee for taxpayers with these simple returns,” says Vice President Timur Taluy. “It is part of our goal to be the Number 1 OnLine tax filer to the State of California. Our development philosophy is simple, make the tax filing process simpler and easier for the taxpayer, and we see an overwhelming response to our efforts.”

FileYourTaxes.com is the only one of the original tax filing services still in its same form since the inception of OnLine filing 5 years ago. FileYourTaxes.com also provides filing services for businesses, and plans to introduce sales tax filing to the CA Board of Equalization in the second quarter. For a period of time, FileYourTaxes.com plans to offer this service for free to all eligible sales tax filers.

FileYourTaxes.com is an innovator and creator of technology, and provides data acquisition, formatting, and transmission services in addition to the personal tax services. For more information, please refer to our website (<http://www.FileYourTaxes.com>) or contact Timur Taluy directly at the above phone/email.
