For tax years beginning on or after January 1, 2010, and before January 1, 2013, if the total amount of certain credits that you could use to reduce your tax or have refunded to you was greater than \$2 million, the excess over \$2 million was deferred to tax years beginning on or after January 1, 2013.

Purpose of Form IT-501

For tax years beginning on or after January 1, 2013, use Form IT-501 to claim the temporary deferral nonrefundable payout credit.

Note: Use this form **only** for the nonrefundable credits that were deferred for tax years beginning on or after January 1, 2010, and before January 1, 2013.

Using your accumulated deferred credits

The accumulated amounts of **nonrefundable** tax credits that were deferred for tax years beginning on or after January 1, 2010, and before January 1, 2013, are combined to become your *temporary deferral nonrefundable payout credit*. Any amount of this credit that is not deductible for the tax year beginning on or after January 1, 2013, and before January 1, 2014, may be carried over to the following year(s) to be deducted from your tax until the accumulated credit amount is exhausted.
