Instructions

General information

The Empire Zone (EZ) capital tax credit has expired. For tax years beginning on or after April 1, 2014, you may only claim an EZ capital tax credit carryover from previous years.

You may continue to use any credit carryovers from previous years against your tax liability. However, if your business was required to obtain an EZ retention certificate but was denied one, you will not be eligible to claim the carryover credit attributable to investments in a certified EZ business. You do not need an EZ retention certificate to claim the carryover of credit from contributions to community development projects.

The credit may not exceed the lesser of:

- the tax due under Article 22, or
- 50% of the tax imposed by Article 22 section 601, without regard to any credit.

Any amount of the carryover of credit not deductible in the current tax year may be carried over to be deducted from the tax for succeeding tax years.
