

How do I amend my 2023 return?

General instructions

- Complete the return as it should've been filed, including adjustments we made.
- Check the "Amended return" box on the first page.
- In the "Amended statement" space, provide the return line number and reason for each change.
- Use the **Amended worksheet** to figure your amended tax due or refund.
- If you're amending your federal return or a return you filed with another state, include a copy of those amended returns with your amended Oregon return. If you're only amending your Oregon return, include a copy of your original federal return. **Don't** include a copy of your original Oregon return.

Residency. Use the form that matches your residency status for the year you're amending, even if your original return was filed on a different form.

Mailing address. Use your current address.

Adjustment made by the IRS or another state. Include a copy of the **corrected** federal or other state return or audit report.

Electronically file your amended return. You can now electronically file your Oregon amended return, if your chosen software supports filing an amended federal return. You will need to contact your software provider to find out if they support filing an amended federal return.

NOL carryback. Enter the loss year in the NOL tax year box on the first page of the return. If you're carrying back an NOL from more than one year, file a separate amended return for each NOL year. In the "Amended statement" space, tell us the section number of the IRC or Oregon Revised Statute (ORS) that allows you to carry the NOL(s) back to the 2023 tax year. See "Net operating losses for Oregon" in Publication OR-17 for more information.

What if I need to change a return I filed for an earlier year?

Refer to the instructions for the tax year you need to amend. Visit our website or contact us if you need the form and instructions for a different year.

How long will it take to process my amended return?

It may take six months or longer to process your amended return.
